Notification of Intent to Invite National Competitive Bids Plus (NCB+)

RESTORATION AND UPGRADE OF FUEL FACILITY AT EVENES AIRBASE, NORWAY

1. Background
   Norwegian Defence Estates Agency (NDEA) - on behalf of MOD Norway - intends to issue an invitation to submit tender under the rules and procedures for National Competitive Bidding Plus (NCB+) as defined for the NATO Security Investment Programme. The project will cover restoration and upgrade of fuel tanks at Evenes Airbase. Evenes is located in Northern Norway south of the city Harstad.
   With this notification document, NDEA would like to ensure that eligible firms from any NATO member nation are informed and invited to participate in the competition.

2. Scope
   The project will be performed inside an in-rock facility. The contract to be established will include, but is not limited to, the following:

   - Contractor's establishment at site and preparation for conducting the works
   - Restoration of existing drainage system
   - Establishment of a secondary Tank Containment System
   - Rock securing works
   - Restoration of existing water proofing sealing membrane

   The contract is scheduled to be signed during autumn of 2019 with start of works at site shortly after contract signature.
   The contract value is estimated at 2- 3 million Euro exclusive of VAT.

   The project has been prefinanced in accordance with NATO rules and procedures.

3. Security.
   All contractor personnel, which will require access to the construction site, must have a valid NATO Security clearance of NATO CONFIDENTIAL or above.
   The bid document to be issued to interested firms will have a maximum security classification equivalent to NATO CONFIDENTIAL and it will be written in the Norwegian language.

4. Time schedule
   Contractors interested in participating in the bidding are requested to show interest via the Tenders Electronic Daily (TED) database (ted.eu) on Internet no later than 11 June 2019. The announcement on TED has the following reference: 2019/S085-204724.
