Quality assurance requirements:
This contract shall meet the AQAP 2110 requirements (NATO Quality Assurance Requirements for Design, Development and Production). These requirements also apply to all sub-contractors involved in this contract.

GQA HEADER:
Government Quality Assurance is required for this contract.
The Contractor must provide a Certificate of Conformity (CoC). Template to be used is to be found in AQAP2070.
In case the contractor is not the manufacturer, the contractor shall provide a copy of the COC received from the manufacturer.
Government Quality Assurance Representative will establish a GQA report describing which GQA activities have been carried-out to the contractor and sub-contractors.

Quality assurance requirements:
This contract shall meet the AQAP 2110 requirements (NATO Quality Assurance Requirements for Design, Development and Production). These requirements also apply to all sub-contractors involved in this contract.

GQA HEADER:
Government Quality Assurance is required for this contract.
The Contractor must provide a Certificate of Conformity (CoC). Template to be used is to be found in AQAP2070.
In case the contractor is not the manufacturer, the contractor shall provide a copy of the COC received from the manufacturer.
Government Quality Assurance Representative will establish a GQA report describing which GQA activities have been carried-out to the contractor and sub-contractors.
