## **PUBLIC CALL FOR EXPRESSIONS OF INTEREST FOR THE SELECTION OF 5 EXPERTS TO SUPPORT THE DRAFTING OF THE ECONOMIC CONVERSION STRATEGY FOR THE CITY OF TARANTO**

### **1. INTRODUCTION**

In recent years, institutions and stakeholders have focused on the issue of acquisition, safety and restoration of ILVA production. In order to overcome the feature of Taranto as a mono-industrial city, an overall, coordinated and broader action is necessary to redesign the productive vocation of the place, as well as interactions between citizens, stakeholders, tangible and intangible infrastructures.

With Law No. 145 of 30 December 2018, the Government will introduce a number of interventions aimed at ensuring the full economic conversion of the city and the neighbouring territory, inspired by innovation and diversification, with measures and effects in the short, medium and long term. In this context there are:

- A "Special Commission for the economic conversion of Taranto and of its territory" chaired by the Minister of Economic Development (pursuant to Art. 1, paragraphs 735-736 of Law No. 145 of 30 December 2018);
- The oncoming establishment of the Foundation "Mediterranean Technopole Research Institute for Sustainable Development" (pursuant to Art.1 paragraphs 732-734 of Law No. 145 of 30 December 2018). It has tasks and functions of study, of technical-scientific research, of technological transfer and of enhancement of innovations and of the generated intellectual property. The fields are: study and use of clean technologies, renewable energy sources, new materials, circular economy;
- The structural improvement of the governance of the initiatives that revolve around Taranto and its territory - whose current timings and effectiveness are definitely not compatible with the objective of ensuring the growth and sustainable development of the city – mentioned by Art 1 paragraph 737 of Law No. 145 of 30 December 30 2018, with reference to the Permanent Institutional Table (TIP) for the Taranto area.

## **2. FUNCTIONS, OBJECTIVES AND COMPOSITION OF THE SPECIAL COMMISSION FOR ECONOMIC CONVERSION OF THE CITY OF TARANTO**

The Decree of the Minister of Economic Development of 18 January 2019, in order to ensure a unified strategic direction for the development of the former ILVA areas that fall under the commission of the Ilva Group, the "Special Commission for the Economic Reconversion of the City of Taranto" (hereinafter also the "Special Commission") was set up at the Ministry of Economic Development, pursuant to Art. 1, paragraph 735, of Law No. 145 of 30 December 2018.

The Special Commission carries out its work with regard to the following activities:

- a) it develops, also with the help of national and international experts, a strategic vision for the economic conversion of the city of Taranto, inspired by the principles of innovation, quality of life and of the environment, growth with employment, international attraction of talents and businesses, production diversification. To that end:
  - it provides the framework for the identification, analysis and definition of stakeholders' priorities at local, national and international level, promoting their regular, accessible and transparent involvement;
  - it identifies the most appropriate forms of coordination with further initiatives of particular importance that already exist, or could be carried out, in the Taranto area;
  - it promotes the identification and convergence, at the regional, national and EU level, of public resources functional to the implementation of operational programmes, as well as the attraction and convergence of private resources.
- b) it implements the strategic vision through the drafting of a plan for the economic conversion of the city of Taranto and through the formulation of proposals for high-impact development operational programmes for the Taranto area;
- c) it provides the Minister with indications to improve the efficiency and effectiveness of the interventions promoted through the permanent institutional Table for the Taranto area;
- d) it performs functions of direction and monitoring of the resources available to the extraordinary administration for the decontamination activity in relation to the areas located at the former ILVA plant in Taranto, which fall under the management of the ILVA group.

The Special Commission is chaired by the Minister of Economic Development, or by a delegate of him, and consists of ten additional members, five of which are chosen from the staff of the Ministry of Economic Development, and five are identified by the Minister of Economic Development, by a subsequent decree.

In order to follow up on the planned activities, and in particular with the objective of being assisted in the drafting and monitoring of the "Plan for the economic conversion of the city of Taranto" and in the formulation of proposals for high impact development operational programmes for the territory of Taranto, the Ministry of Economic Development intends to select five experts, and in particular:

- 1 expert with proven experience in the field of "public and private investments";
- 1 expert with proven experience in the field of "urban transformation";

- 1 expert with proven experience in the field of "productive transformation and Next Production Revolution";
- 1 expert with proven experience in the field of "enhancement of the local economy";
- 1 expert with proven experience in the field of "technology transfer".
